Sinulog Festival Dancer, Cebu

Tarsier Monkey, Bohol

With three islands featured in *Travel + Leisure's* World's Best Islands list this year, the Philippines are breaking out into the minds of travelers around the world. You'll discover why as you traverse just a few of the more than 7,000 islands that make up the country. The warm and friendly Filipino people will welcome you to unwind on the bright green and white islands with ecosystems that are unlike any in the world. Witness the Chocolate Hills of Bohol, a small island to south of Cebu, and you might just encounter the big-eyed Tarsier monkey, a primate so small that it can fit in the palm of your hand. Indulge your love of watersports and dive into the crystal clear blue waters of Cebu to get up close and personal with a school of brightly colored fish or paddleboard through the calm bay waters. Relax in the island atmosphere and lounge on the soft white-sand beaches of El Nido, on the northernmost part of Palawan Island, consistently voted one of the most beautiful in the world. Enjoy the delicious cuisine from chicken *adobo* to *Halo Halo* and make sure to try the rice produced in Banaue, a 2,000-year-old rice terrace that is still used today. No matter what you decide to explore, there is plenty to discover in the Philippines.
