Prague River Cruises

The Vltava River flows through the heart of Prague and a number of Prague sights and tourist attractions line its banks. Families often choose a river cruise because it's an easy way to do some sightseeing and enjoy a meal at the same time. The lunch cruise and dinner cruise are both informal. And the buffet style food ensures everyone can find dishes to their liking. The boats have inside and outside seating, so there is plenty of space to move around, and go out on deck when you sail under Charles Bridge.
