About Our House-Made Sauces

Coffee-Stout BBQ Sauce

Our signature sauce is made with the traditional Texas red-sauce method. But to add our own California twist, we use local stout beer and coffee from Verve Coffee Roasters.

Spiced Carolina Cider

Why mess with a classic? This versatile, thin cider sauce is perfect for seasoning your pork, chicken, or beef.

The Department of Public Health advises that eating raw or undercooked beef, poultry, eggs, fish, lamb, pork or shellfish poses a health risk to everyone, but especially the elderly, young children under four, pregnant women, and other highly susceptible individuals with compromised immune systems. Thorough cooking of such animal foods reduces the risk of illness. Please notify your server if you have any food allergies or require special food preparation; we will make every attempt to accommodate your needs.
