Founded in 1907 as a German settlement, Kigali did not become the capital until Rwanda's independence in 1962 when it replaced the colonial seat of power in Butare. The Kigali City Tour begins as a historic journey through the city with a guided tour from the first modern building from which the capital city was first founded, to the rapidly growing neighborhood's that are changing the face of the city.

The Genocide Memorial site is a grim reminder of the senseless massacre of innocent's lives in 1994. The memorial is the final resting places for more than 250 000 victims of the Genocide against the Tutsi, a place for remembrance and learning.
