### Full Luxury Spa Safari by Vintage Volkswagen & Sunset Cruise

Get picked up from your hotel in the morning by Vintage VW, and drive to Bukit Peninsula. The Peninsula is the southernmost tip of Bali island, surrounded by high cliffs protecting the island from the rough Indian Ocean. The drive along the coast will be passing dry-savannah-like terrain, with resorts lining on one side and blue ocean in the distance. The first stop is Pandawa, a pristine beach with a width of around 1km, adorned with sculptures. Enjoy your time here before continuing the drive to the Luxury Spa, where you will have a 2-hour Spa Treatment with ocean view. Lunch will be served after Spa.

The afternoon visit will be the Uluwatu Temple. Perched on the edge of a steep cliff, the temple sits 70 meters above the crashing waves of the Indian Ocean. The temple is inhabited by a large number of monkeys, many of whom can be found roaming the pathways.

From Uluwatu, drive down to Jimbaran in time to board the boat which was inspired by local fisherman's boat. Cruise along the scenic Jimbaran Bay, past impressive resorts and beaches such as Balangan, Dreamland and Bingin that lie under the cliffs of the peninsula. Eventually you will also see Uluwatu temple standing elegantly at the tip of the cliff. Keep your cameras ready to capture shots of this mystical temple from the water. As a respect to nature, the boat captain will perform a Balinese ritual by floating an offering into the ocean in front of the temple. The boat will then sail back to Jimbaran just in time to watch the changing colours of the sky during sunset. Back on shore and drive back to hotel.
