

Day 1

Transfer From Airstrip - to your resort - Your resort will transfer you from the local airstrip to the resort.

DESTINATION: Roatan is the largest of the Bay Islands of Honduras located about 36 miles off Honduras' northern coast. It is situated in the western region of the Caribbean Sea. At 30 miles long and less than 3 miles wide, Roatan has a total land mass of about 49 square miles (127 square kilometers). It may be reached by air with direct flights from the United States or by a new and modern ferry from the mainland port of La Ceiba (80 minutes). The island has a mountainous backbone surrounded by warm Caribbean waters with gentle trade winds. A portion of the Great Western Barrier Reef, the world's second largest barrier reef, embraces the island on the north shore. The reef provides calm, clear protected beaches for swimming and snorkeling, and hosts many varieties of sea life.
